" This water is soo nice " Said The flamboint blond .As he swam he slamed in to a rock.

" Ow who puut this rock here ! I think i broke a nail " He stared hedding for shore , when he noticed nothing looked normal even though he could only make out the shore and thick shadows .

"Where am I ?"Donut look around trying to make out shapes.

" Oh theres the base." Donut said with his happy voice. But what he saw was the cave , and the lights of blue base. As he walked closer he noticed that it was farther away then it should.

" This is odd , Sarg always tell Grif and Simons to change the lights whenever there too dim."

Slame. Dount triped and fell over a small rock, skinning his nee, Then the flamboint blonds eye begun to tear up and over flo with

salty water.

" Ow ow ow ow ow ! " Donut yelled .

" Did you guys here that noise ?" Sister said while brushing out the knots in her hair after having sex with Tucker six times in 2 hours.

" Yes maybe it was a werewolf?" Caboose said his big emerald blue eyes now wide .

" Caboose I think you mean where wolf?" Tucker said as he fed Jr some blood from a bag.

" No , because a werewolf would be somewhere we didn't know where was , but we know its here its a here wolf." Caboose continued in the back round .

" Church are you hearing any of this?" Tucker said as Jr fell asleep on his lap.

" Theres a difference between not caring and not listening, I tend to think i walk that line every day of my life."

"So you weren't listening to caboose."

" Nope but I say we send someone out to check it out , I vote caboose."

" I second that ."

"Caboose."

"Present ." Caboose shot holding up his little robot cat he had been fiddling with since Christmas( Present from Shelia)

"No caboose say I" Chuch said in a pissed off tone.

"You , I mean me !" Caboose said half confused

'CABOOSE.'

"Church" caboose said in a scared tone

"Just say I. "

"Oh... my right eye or my left eye ?" Caboose said his bright blue eyes stared to wonder.

"Ah, he votes yes " Church grunted

" i would also like it noted i was present .What do i win ?" Caboose asked in a hopeful tone.

" You get a special mission." Tucker finally chimed in .

"You get to patrol outside and see what that noise was ."Church said

" I dont know its dark out there. " Caboose said with slight negativity .

" Caboose you have heat seeking , we dont have that in our helmets" Tucker said with dismay

" Yay !" Caboose yelled
